A. Investment Fund Information

1) Name of investment fund.

Blom Saudi Arabia Fund.

2) Investment objectives and policies.

The objective of the Fund is to generate long-term capital growth primarily through investing in equity securities listed on the Tadawul, either directly or through other funds or collective investment schemes established under the laws and regulations of Saudi Arabia with a primary focus on investments in equity securities listed on the Tadawul. The Fund will seek to mitigate risk and manage liquidity by also investing in short-term fixed income instruments and money markets funds, as well as cash and cash-equivalents.

The performance of the Fund shall be measured by reference to the Tadawul index in order to supply investors with an indication of the performance of the Fund.

Under normal market conditions, the Fund will comply with the following guidelines:

- The Fund will invest primarily in equity securities listed on the Tadawul or in units of funds or other collective investment schemes established under the laws and regulations of Saudi Arabia with a primary focus on investments in equity securities listed on the Tadawul.
- While the Fund Manager intends to hold 25 – 40 positions at any one time, the Fund may, at any particular time, hold a fewer or greater number of positions.
- The Fund will seek to mitigate risk and manage liquidity by also investing in short-term fixed income instruments, money markets funds and cash and cash-equivalents, such as time and on-demand deposit accounts. The Fund will allocate its assets among equities, fixed income and cash and cash-equivalents depending on investment opportunities, market conditions and liquidity requirements.
- The Fund may invest in securities issued by the Fund Manager or its affiliates organized in the KSA (if any); provided that such investments are made in accordance with the investment objective and restrictions of the Fund.

3) Distribution of income and gain policy.

Dividends and/or income are reinvested in the Fund not paid out or distributed to investors.

4) The Fund Reports are available upon request free of charge at Blominvest Saudi Arabia website: www.blom.sa

- b) Approval of the interim financial statements as at 30 June 2019
- c) Approval of changes made in the terms and conditions of the Fund to match the updated list of Investment Funds Regulations.
- d) Approval of Fund's commitment to the relevant laws, and regulations.
- e) Approval of the possibility of a conflict of interest.

- f) Approval of the Electronic voting on the General Assemblies of the companies in which the Fund invests.

C. Fund Manager

1) Name and address of the fund manager.

Blominvest Saudi Arabia, with its registered office at Al Oula Building, 3rd floor, King Fahad Road, Riyadh, P.O. Box 8151, Riyadh 11482, Saudi Arabia with CMA License number: 08094 - 37.

2) Names and addresses of sub-manager and/or investment adviser (if any).

The Fund Manager did not appoint a sub-manager or investment advisor.

3) Investment activities during the period.

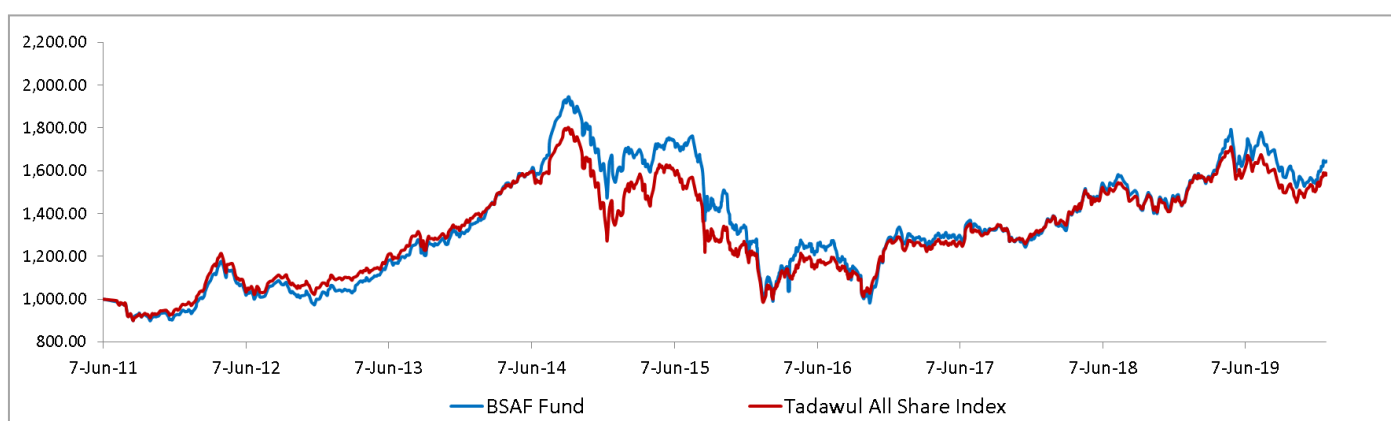

2019 was the year of implementing the inclusion of the Saudi Market to Emerging Market Indexes; mainly MSCI and FTSE. Large caps saw the most significant rally during the beginning of the year as expected since they were the primary recipient of passive flows. Since May, however, (once major flows from inclusion passed) the market saw a reversal of flows from large-caps into small and mid-cap companies which, at that point, offered very attractive valuations.

Blom Saudi Equity Fund beat Tadawul All Share Index (it's corresponding benchmark) by over 4% through utilizing a unique investment approach involving a Core/Satellite structure, with the Core designed to generate alpha through a bottom-up rules-based strategy which targets a blend of performance driving factors. The Satellite allocation is used to express high buy-side convictions through select individual names and/or sectoral allocation tweaks, all deployed with prudent market timing and risk management considerations.

4) Investment fund's performance during the period.

YTD: The Fund ended 2019 up +13.46% vs +8.90% for the benchmark.

Since Inception: The Fund ended 2019 up +64.47% vs +58.62% for the benchmark.

5) Details of any material changes made during the period

- Update the financial information of the fund manager to reflect the year ended 2019.
- Update the fund's performance to include the year ended 2019 performance.
- Update on the terms and conditions to reflect the changes on Boards of Directors Membership of the fund manager on 16th of September 2019. The position of Mr. Saad Noaman Azhari was modified. And the following members were added to the board membership of the fund manager: Mr. Fouzan Al-Fawzan, Mr. Adel Al-Murab and Mr. Haitham Al-Freih in place of Mr. Abdullah bin Abdul Latif Al-Fawzan, Issam Abdullah Al-Muhaidib and Ali Ghandour.

6) Any other information that would enable unit holders to make an informed judgment about the fund's activities during the period.

Not Applicable

7) Investment fund invests substantially in other investment funds.

Not Applicable

8) A statement on any special commission received by the fund manager during the period.

The Fund manager did not receive any special commission during the year of 2019.

9) Any other data and other information required by these Regulations to be included in this report.

Not Applicable.

D. Custodian

1) Name and address of custodian.

HSBC Saudi Arabia
 2nd floor-HSBC Building, Olaya Road
 7267 Olaya- Al-Murooj, Riyadh 12283-2255, Saudi Arabia

22-Mar-2020

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF BLOM SAUDI ARABIA FUND
(MANAGED BY BLOMINVEST SAUDI ARABIA)**

Opinion

We have audited the financial statements of Blom Saudi Arabia Fund (the "Fund") managed by Blominvest Saudi Arabia (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2019, and the statement of comprehensive income, statement of changes in equity attributable to the unitholders and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2019, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Certified Public Accountants.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the professional code of conduct and ethics endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Certified Public Accountants, and the applicable provisions of the Investment Funds Regulations issued by the Board of the Capital Market Authority, and the Fund's terms and conditions and the Information Memorandum, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF BLOM SAUDI ARABIA FUND
(MANAGED BY BLOMINVEST SAUDI ARABIA) (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF BLOM SAUDI ARABIA FUND
(MANAGED BY BLOMINVEST SAUDI ARABIA) (continued)**

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Blom Saudi Arabia Fund (Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS

At 31 December 2019

1. GENERAL

Blom Saudi Arabia Fund (the "Fund") is an open ended fund created by agreement between Blominvest Saudi Arabia- a Saudi Joint Stock Company (the "Fund Manager") and investors ("unitholders") in the Fund.

The objective of the Fund is to generate long term capital growth for investors through investing in equity securities listed in Tadawul, either directly or through other funds or collective investment schemes established under the laws and regulations of Saudi Arabia. The Fund was established on 21 Jumad Awal 1432H (corresponding to 25 April 2011) as per approval from the Capital Market Authority (the "CMA") and commenced its operations on 6 July 2011. The address of the Fund Manager is as follows:

King Fahd Street, Al-Oula Building 3rd Floor
P.O. Box 8151, Riyadh 11482
Kingdom of Saudi Arabia

The Fund has appointed HSBC Saudi Arabia Limited to act as its custodian and administrator. The fees for the custodian and administrator services are paid directly by the Fund.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the "Regulations") issued by the CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) and, effective from 6 Safar 1438H (corresponding to 6 November 2016) by the New Investment Fund Regulations ("Amended Regulations") published by the Capital Market Authority on 16 Sha'aban 1437H (corresponding to 23 May 2016), detailing requirements for all funds within the Kingdom of Saudi Arabia.

3. BASIS OF PREPARATION

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Certified Public Accountants ("SOCPA") (collectively referred to as "IFRS as endorsed in the KSA").

These financial statements have been prepared on a historical cost basis, except for investments at fair value through profit or loss which are stated at their fair value and also using the accruals basis of accounting and the going concern concept.

These financial statements are presented in Saudi Riyals ("SR"), which is the functional currency of the Fund, and all values are rounded to the nearest one Saudi Riyal, except where otherwise indicated.

4. SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies applied by the Fund in preparing its financial statements:

4.1 Financial instruments

(i) Classification

In accordance with IFRS 9, the Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- a) It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term or
- b) On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking or
- c) It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument)

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

4.1 Financial instruments(continued)

Financial assets

The Fund classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- The entity's business model for managing the financial assets
- The contractual cash flow characteristics of the financial asset
- Financial assets measured at amortised cost
A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets measured at fair value through profit or loss (FVTPL)
A financial asset is measured at fair value through profit or loss if:
 - i. Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding (SPPI); and
 - ii. It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
 - iii. At initial recognition, it is irrevocably designated as measured at FVTPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.
- The Fund investments includes investment in mutual fund instruments which are acquired principally for the purpose of generating a profit from short-term fluctuations in price.

Financial liabilities

- Financial liabilities measured at fair value through profit or loss (FVTPL)
A financial liability is measured at FVTPL if it meets the definition of held for trading. The Fund does not hold any financial liabilities measured at FVTPL.
- Financial liabilities measured at amortised cost

This category includes all financial liabilities, other than those measured at fair value through profit or loss.

(ii) Recognition

The Fund recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument.

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Fund commits to purchase or sell the asset.

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

4.1 Financial instruments(continued)

(iii) Initial measurement

Financial assets and financial liabilities at FVTPL are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as at FVPL) are measured initially at their fair value including any directly attributable incremental costs of acquisition or issue.

(iv) Subsequent measurement

After initial measurement, the Fund measures financial instruments which are classified as at FVTPL, at fair value. Subsequent changes in the fair value of those financial instruments are recorded in net gain or loss on financial assets and liabilities at FVTPL in the statement of comprehensive income. Interest and dividends earned or paid on these instruments are recorded separately in interest income or expense and dividend income or expense in the statement of comprehensive income.

(v) Derecognition of financial instruments

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Fund's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Fund has transferred substantially all the risks and rewards of the asset, or (b) the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Fund continues to recognise the transferred asset to the extent of the Fund's continuing involvement. In that case, the Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained.

The Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

(vi) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

(vii) Impairment of financial assets

The Fund assesses on a forward looking basis the Expected Credit Losses("ECL") associated with its financial assets, carried at amortised cost, the ECL is based on a 12-month ECL and lifetime ECL. The 12-month ECL is the portion of lifetime the ECLs that result from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

4.2 Trade date accounting

All regular way purchases and sales of financial assets are recognized / derecognized on the trade date (i.e. the date that the Fund commits to purchase or sell the assets). Regular way purchases or sales are purchases or sales of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the market place.

4.3 Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand and short-term deposits in banks that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, with original maturities of three months or less.

Short-term investments that are not held for the purpose of meeting short-term cash commitments and restricted margin accounts are not considered as 'cash and cash equivalents.

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and cash equivalents as defined above, net of outstanding bank overdrafts when applicable.

4.4 Accrued expenses

Liabilities are recognized for amounts to be paid in the future for services received, whether billed by the suppliers or not. These are initially recognized at fair value and subsequently at amortized cost using the effective interest rate method.

4.5 Provisions

Provisions are recognised when the Fund has an obligation (legal or constructive) arising from a past event, and the costs to settle the obligation are both probable and can be measured reliably. If the effect of time value of money is material, provisions are discounted using a current pretax rate that reflects, where appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to passage of time is recognised as finance costs.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured.

4.6 Zakat and income tax

Under the current system of taxation in the Kingdom of Saudi Arabia the Fund is not liable to pay any zakat or income tax as they are considered to be the obligation of the Unitholders and as such, these are not provided in the financial statements.

4.6 Redeemable Units

Redeemable units are classified as equity instruments when:

- The redeemable units entitle the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation
- The redeemable units are in the class of instruments that is subordinate to all other classes of instruments
- All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features
- The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Fund's net assets
- The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Fund over the life of the instrument

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

4.6 Redeemable Units (continued)

In addition to the redeemable shares having all of the above features, the Fund must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Fund
- The effect of substantially restricting or fixing the residual return to the redeemable shareholders

The Fund continuously assesses the classification of the redeemable shares. If the redeemable shares cease to have all the features, or meet all the conditions set out, to be classified as equity, the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable shares subsequently have all the features and meet the conditions to be classified as equity, the Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition and cancellation of redeemable shares are accounted for as equity transactions.

No gain or loss is recognised in the statement of comprehensive income on the purchase, issuance or cancellation of the Fund's own equity instruments.

The capital of the Fund is SAR 6,859,000 (31 December 2018: SAR 9,458,000) divided into 6,859 (31 December 2018: 9,458) participating units of SAR 1,000 par value. All issued participating units are fully paid. The Fund's capital is represented by these participating units and are classified as equity instruments. The units are entitled to payment of a proportionate share of the Fund's net asset value upon winding up of the Fund.

4.8 Net assets value per unit

Net assets value per unit as disclosed in the statement of financial position is calculated by dividing the net assets of the Fund by the number of units outstanding at year end.

4.9 Dividend income

Dividend income is recognised in statement of comprehensive income on the date on which the right to receive the payment for dividend is established. For quoted equity securities, this is usually the ex-dividend date. Dividend income from equity securities designated as at FVTPL is recognised in statement of comprehensive income in a separate line item.

4.10 Net gain or loss on financial assets at fair value through profit or loss ("FVPL")

Net gains or losses on financial assets and liabilities at FVTPL are changes in the fair value of financial assets and liabilities held for trading or designated upon initial recognition as at FVTPL and exclude special commission and dividend income and expenses.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the year and from reversal of the prior year's unrealised gains and losses for financial instruments, which were realised in the reporting period. Realised gains and losses on disposals of financial instruments classified as at FVTPL are calculated using the weighted average cost method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

4.11 Management fees

Fund management fees are recognised on accrual basis and charged to the statement of comprehensive income. Fund management fee is charged at agreed rates with the Fund Manager and as stated in the terms and conditions of the Fund.

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

4.12 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in financial statements at fair value on a recurring basis, the Fund determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each year. The Fund determines the policies and procedures for both recurring fair value measurement, and for non-recurring measurement.

At each reporting date, the Fund analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Fund's accounting policies. For this analysis, the Fund verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Fund also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Fund has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above. Fair value related disclosures for financial instruments that are measured at fair value or where fair values are disclosed are discussed in note 11.

4.13 Foreign currency translation

Transactions in foreign currencies are translated into SR at the exchange rate at the dates of the transactions. Foreign exchange gains and losses arising from translations are included in the statement of comprehensive income.

Monetary assets and liabilities denominated in foreign currencies are retranslated into SR at the exchange rate at the reporting date.

Foreign currency differences arising on retranslation are recognised in the statement of comprehensive income as net foreign exchange losses, except for those arising on financial instruments at FVPL, which are recognised as a component of net gain from financial instruments at FVPL

At 31 December 2019

5. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with IFRS as endorsed in the KSA requires the use of certain critical accounting judgements, estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires management to exercise its judgment in the process of applying the Funds' accounting policies. Such judgements, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including obtaining professional advices and expectations of future events that are believed to be reasonable under the circumstances. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively. Significant areas where management has used estimates, assumptions or exercised judgement are as follows:

Fair value Measurement

The Fund measures its investments in financial instruments, such as equity instruments, at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price (bid price for long positions and ask price for short positions), without any deduction for transaction costs.

For all other financial instruments not traded in an active market, the fair value is determined using valuation techniques deemed to be appropriate in the circumstances. Valuation techniques include the market approach (i.e., using recent arm's length market transactions, adjusted as necessary, and reference to the current market value of another instrument that is substantially the same) and the income approach (i.e., discounted cash flow analysis and option pricing models making as much use of available and supportable market data as possible).

The Fund measures financial instruments at fair value at each reporting date. Fair values of those financial instruments are disclosed in note 11.

Going concern

The Board of Director in conjunction with the Fund Manager made an assessment of the Fund's ability to continue as a going concern and are satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, they are not aware of any material uncertainties that may cast significant doubt upon the Fund's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

6. STANDARDS ISSUED BUT NOT YET EFFECTIVE

There are several standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund's financial statements. In the opinion of the Board, these standards will have no significant impact on the financial statements of the Fund. The Fund intends to adopt these standards, if applicable, when they become effective:

8. OTHER EXPENSES

	2019 SR	2018 SR
Administration fee (see below)	90,000	90,000
Custodian fees (see below)	30,000	82,500
Transaction charges	55,125	62,475
Audit fees	45,000	45,000
Board meeting Expense	37,500	37,500
Value added tax	20,181	26,345
Tadawul charges	5,000	5,000
Tax and regulatory fee	7,500	7,500
Miscellaneous Charges	15,750	-
	306,056	356,320

HSBC Saudi Arabia Limited act as the custodian and administrator of the Fund. The Fund pays an administration fee calculated at an annual rate, as per the below table as set out in the Fund's terms and conditions, of the net asset value at each valuation date.

<i>Net asset value</i>	<u><i>Annual rate</i></u>
From SR Nil to SR 187.5 million	0.10%
SR 187.5 million and above	0.08%
Minimum monthly administration fee	SR 7,500

The custody fee is calculated and accrued at a rate of 0.10% per annum of the net asset value at each valuation date as set out in the Fund's terms and conditions and subject to the monthly minimum fee of SR 2,500.

9. TRANSACTIONS WITH RELATED PARTIES

The Fund pays a management fee at the rate of 1.50% per annum calculated based on the net assets at each valuation date. The Fund Manager also recovers from the Fund any other expenses incurred on behalf of the Fund including audit fee, board compensation and other similar charges.

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

9. TRANSACTIONS WITH RELATED PARTIES (continued)

The management fees amounting to SR 178,527 (2018: SR 211,931) reflected in the statement of comprehensive income represent the fees charged by the Fund Manager during the year as prescribed above. The accrued management fees payable to the Fund Manager at the year-end are as follows:

	31 December 2019	31 December 2018
Accrued management fees	<u>16,162</u>	<u>20,072</u>

The Unitholders' account during the period included units held as follows:

	31 December 2019 Units	31 December 2018 Units
Held by the fund manager	<u>1,239</u>	<u>1,239</u>

10. FINANCIAL ASSETS AND FINANCIAL LIABILITY

Set out below is an overview of the financial assets, other than cash and cash equivalents, held by the Fund as at 31 December 2019 and 31 December 2018.

	31 December 2019 SR	31 December 2018 SR
Financial assets at fair value through profit or loss		
Investments at fair value through profit or loss	11,222,436	12,587,625
Financial assets at amortised cost		
Dividend receivables	<u>1,751</u>	<u>113</u>
Total financial assets	<u>11,224,187</u>	<u>12,587,738</u>

Set out below is an overview of financial liability held by the Fund as at 31 December 2019 and 31 December 2018.

	31 December 2019 SR	31 December 2018 SR
Financial liability at amortised cost		
Accrued management fees	16,162	20,072
Accrued expenses	<u>72,461</u>	<u>49,547</u>
Total financial liability	<u>88,623</u>	<u>69,619</u>

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

11. FAIR VALUE HIERARCHY

The following table provides the fair value measurement hierarchy of the Fund's financial assets as at 31 December 2019 and 31 December 2018. There are no financial liabilities measured at fair value.

	Total SR	Fair value measurement using		
		Quoted prices in active markets (Level 1) SR	Significant observable inputs (Level 2) SR	Significant unobservable inputs (Level 3) SR
<i>As at 31 December 2019</i>				
<i>Financial assets measured at fair value</i>				
Investments at FVPL (listed on Tadawul)	11,222,436	11,222,436	-	-
<i>As at 31 December 2018</i>				
<i>Financial assets measured at fair value</i>				
Investments at FVPL (listed on Tadawul)	12,587,625	12,587,625	-	-

There were no transfers between Level 1 and Level 2 fair value measurements during the year, and no transfers into or out of Level 3 fair value measurements during the year.

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

12. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

The Fund's principal financial liabilities are accrued management fees and other expenses.

The Fund also has financial assets in the form of cash and cash equivalents, investments at FVPL and dividend receivables which are integral and directly derived out of its regular business.

The Fund's financial operations are exposed to following risks.

Credit risk

Credit risk refers to the risk that a party to a financial instrument will default on its contractual obligations resulting in financial loss to the Fund. The Fund has adopted a policy of only dealing with creditworthy counterparties, for whom the credit risk is assessed to be low. The Fund attempts to control credit risk by monitoring credit exposures, limiting transactions with specific non-related counterparties, and continually assessing the creditworthiness of such non-related counterparties. The Fund maintains bank accounts with high credit rated financial institutions.

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

12. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

The table below shows the Fund's maximum exposure to credit risk for components of the statement of financial position.

	<i>31 December 2019 SR</i>	<i>31 December 2018 SR</i>
Investments at fair value through profit or loss	11,222,436	12,587,625
Trade settlements	29,720	-
Dividend receivables	1,751	113
Bank balance	183,075	1,274,724
	<u>11,436,982</u>	<u>13,862,462</u>

The management has conducted an assessment as required under IFRS 9 and based on such an assessment, the management believes that there is no need for any significant impairment loss to be recognised against the carrying value of cash and cash equivalents and dividend receivables.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in releasing funds to meet commitments associated with financial liabilities. Liquidity risk may result from an inability to sell a financial asset quickly at an amount close to its fair value.

The Fund's terms and conditions provide for redemptions of units twice a week and it is, therefore, exposed to the liquidity risk of meeting Unit holders redemptions. The Fund's investments at fair value through profit and loss are considered to be readily realisable, as the equity investments are listed on the Saudi stock market and can be redeemed any time throughout the week. The Fund Manager monitors liquidity requirements on a regular basis and seeks to ensure that sufficient funds are available including bank facilities to meet commitments as they arise.

Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The maximum risk resulting from financial instruments equals their fair value. The objective of market risk management is to manage and control the market risk exposures within acceptable parameters while optimizing the return.

Interest rate risk

Interest rate risk is the risk that the value of financial instruments will fluctuate due to changes in the market rates. The Fund does not have any floating interest rate bearing financial assets or liabilities as at 31 December 2019 and is not exposed to significant interest rate risk.

Equity price risk

Equity price risk is the risk of unfavourable changes in the fair values of equity instruments as a result of changes in the value of individual shares. The equity price risk exposure arises from the Fund's investments in equity securities. The Fund's investments are susceptible to market price risk arising from uncertainties about future prices. The Board manages this risk through diversification of its investment portfolio in terms of industry concentration.

Blom Saudi Arabia Fund
(Managed by Blominvest Saudi Arabia)

NOTES TO THE FINANCIAL STATEMENTS (continued)

At 31 December 2019

12. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Sensitivity analysis

The table below sets out the effect on profit or loss of a reasonably possible weakening /strengthening in the individual equity market prices by 5% at the reporting date. The estimates are made on an individual investment basis. The analysis assumes that all other variables, in particular commission and foreign currency rates, remain constant.

<i>Effect on profit and loss</i>	2019		2018	
		<i>SR</i>		<i>SR</i>
<i>Net gain on investments held at FVPL</i>	+ 5%	561,122	+ 5%	629,382
	- 5%	(561,122)	- 5%	(629,382)

Concentration of equity price risk

The following table analyses the Fund's concentration of equity price risk in the Fund's equity portfolio, measured at FVPL by geographical distribution (based on counterparties' place of primary listing or, if not listed, place of domicile).

% of equity securities and units in funds:

	31 December 2019	31 December 2018
Kingdom of Saudi Arabia	100%	100%

Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Fund does not have any significant exposure to currency risk as all its significant monetary assets and monetary liabilities are denominated in Saudi Riyals.

13. MATURITY ANALYSIS OF ASSETS AND LIABILITIES

The table below shows an analysis of assets and liabilities according to when they are expected to be recovered or settled respectively:

As at 31 December 2019	<i>Within 12 months SR</i>	<i>After 12 months SR</i>	<i>Total SR</i>

14. LAST VALUATION DAY

The last valuation day of the year was 30 December 2019 (2018: 31 December 2018).

15. SUBSEQUENT NON-ADJUSTING EVENTS DISCLOSURE

The outbreak of Novel Coronavirus (COVID 19) continues to progress and evolve. Therefore, it is challenging now, to predict the full extent and duration of its business and economic impact..

The extent and duration of such impacts remain uncertain and dependent on future developments that cannot be accurately predicted at this time, such as the transmission rate of the coronavirus and the extent and effectiveness of containment actions taken. Given the ongoing economic uncertainty, a reliable estimate of the impact cannot be made at the date of authorisation of these financial statements. These developments could impact our future financial results, cash flows and financial condition for the Fund.

16. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved by the Fund's Board of Directors on 13 Sha'ban 1441H (corresponding to 6 April 2020).
